Good afternoon,

We are writing to share upcoming adjustments about our fees for all services provided at Strong Minds. As noted in our Service Agreements and signage, fees for services are increased on July 1st of each year.

These adjustments are made to meet the range of costs that allow us to keep our clinics running, and continue to provide quality mental health and disability support to our communities.

New Pricing Details

Even with this adjustment, our fees remain well below the Australian Association of Psychologists Inc's recommended rate of \$330 for a standard session, and the Australian Psychological Society recommended rate of \$318.

All Strong Minds bookings are charged at a standard rate, so click here for [more information](#) about what is involved in service bookings and assessment packages.

2025-2026 standard service blocks will be:

Psychologist - \$248.52

Occupational Therapist / Social Worker - \$219.86

Positive Behaviour Support - \$232.99

Counsellor / Psychologist (Provisional) - \$176.98

Most service bookings include **50 minutes of face to face service** and additional time spent on **non face to face tasks** that contribute towards therapy goals and compliance with funding requirements.

We are in the process of reviewing and finalising changes to our [Service Agreement](#).

The aim is to make it easier to read, up to date, and clearer about how we engage with our clients, families, and community.

We will communicate with clients when updates are finalised. The current agreement can be found by clicking the link above, and sections of it are on the [FAQs](#) page of our website.

If you have questions about the fee changes, or any part of the service agreement, feel free to email the team, call the office, or speak with a clinician at your next booking.

Kind regards,

Lisa & Ross Archer

Directors
