Good afternoon,

We have excellent news! After completing all the provisional psychologist training requirements, Natali Quintero will soon obtain their General Registration with AHPRA as a Psychologist.

Due to the change in registration status, there will be changes to fees and the potential to access a wider variety of funding rebates to subsidise your mental health or disability supports.

Natali Quintero may also have some additional availability for appointments, predominantly at the 11:15am timeslot.

Fees for our fully registered psychologists are currently \$237.85 per booking in clinic, with additional fees for mobile bookings. (Fees are updated annually in July).

The fee change comes into effect for NDIS participants from the date that Natali Quintero receives confirmation of AHPRA registration update. For all Private paying clients that have the potential to obtain Medicare or insurance rebates, this fee change comes into effect when Natali Quintero obtains a Medicare Provider number, which can take anywhere from 2 and 8 weeks to obtain.

- **Medicare**
- If you have a referral and a Mental Health Care Plan from your GP already on our system, or ready at home to bring to the clinic, you will then be eligible for a rebate of \$96.65 after making payment on the day (Medicare rebate will also increase in July).
- If you do not currently have a plan from your GP, you are able to obtain one either before, or on the day of your upcoming sessions with Natali Quintero in order to obtain the rebates once the provider number is processed.
- **NDIS**
- As booking rates will change an updated schedule of supports will need to be completed with participants and families.
- **Insurance - Private Health, TAC, WorkCover**
- After making full payment at your session, you can then provide your emailed receipt to your insurance agency for the relevant rebate to be provided.

If you have any concerns or queries please do not hesitate to contact the office on 0359671438 to discuss.

Kind regards,

***Lisa & Ross Archer***
